Dear Jeremy Sutanto

**Top Quartile Team Member – Business in Practice Simulation 2026**

We are thrilled to extend our heartfelt congratulations to you for your team's remarkable achievement in the Business in Practice simulation at Warwick Business School. Emerging in the top quartile of performance is a testament to your team's hard work, dedication, and exceptional application of the diverse knowledge areas covered in our program.

The Business in Practice simulation is a rigorous challenge that requires a deep understanding and application of Strategy, Finance, Operations, Innovation, Human Resources, Marketing, and Sustainability, along with teamworking skills such as task coordination, communication, decision making, and conflict management. Your team's success in this dynamic and competitive environment demonstrates not only your proficiency in these domains but also your ability to integrate and apply this knowledge effectively, and working together as team to achieve challenging goals.

Further, your team's performance in the simulation is a clear reflection of our CORE values at Warwick Business School: Curiosity, Openness, Restlessness and Excellence. We are incredibly proud of your accomplishment and confident that the skills and insights you have gained will serve you well in your future endeavours.

Congratulations once again on this outstanding achievement. We look forward to seeing all the great things you will accomplish in your career and beyond.

Yours sincerely,
